

Your first choice for Professional Recycling Services in Rio Grande Valley

February 2011

20 years of experience in the Recycling Industry

Valley Plastics was established at the Rio Grande Valley at the beginning of 2008 by John Aspland, as an expansion of his upstate NY company Adirondack Plastics & Recycling, Inc. established in 1991.

Using his extensive knowledge of industrial, commercial and municipal recycling programs, Valley Plastics started growing quickly in the Valley, providing customers full, professional and reliable services to cover their recycling needs.

Starting with a team of 2 people in 2008, we now have 18 employees working at our warehouse located in the McAllen Foreign Trade Zone and we are looking to expand our facility in the near future.

Our Services

Valley Plastics & Paper Recycling, Inc. provides reliable full-service recycling in McAllen, TX. Located close to the Mexican border, we should be your first choice for first class plastic and paper recycling needs. Our customer base includes manufacturers of: Medical devices, Bags, Injection Molders, Automotive Industry, Scrap Dealers and Other Plastics Reprocessors.

Our services include:

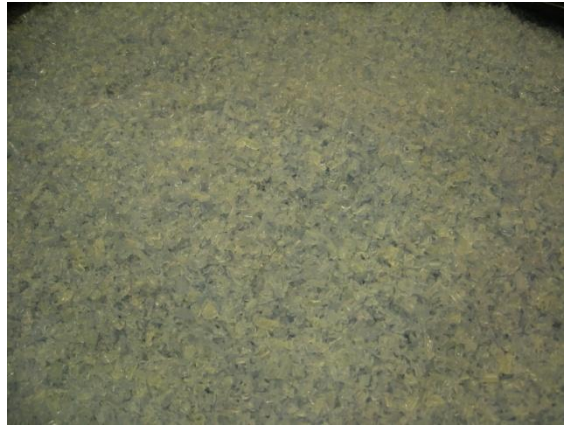

- Toll Grinding,
- Certified Destruction
- Transportation services, Warehousing
- Consulting and Brokering
- Plastic Reprocessing
- International Sales

Plastics Reprocessing

We are equipped with state of the art systems, designed to handle a variety of post-industrial materials. We have the capacity to grind large, bulky high volume parts as well as small, low volume materials. We operate grinders that are equipped with metal detectors and elutriation system for the removal of dust and fines from the reprocessed plastic material.

Plastics Reprocessing

Paper Reprocessing

We operate top quality baling equipment and provide a paper reprocessing system which includes grade sorting, removal of contaminants and baling. Our hands-on approach ensures high quality reprocessing in order to meet all of our end users needs.

Certified Destruction

We certify destruction of materials according to your requirements. Our experience includes contracts with large international Product Manufacturers and the Department of Defense (USA Government) you can be sure your materials are properly disposed.

Certified Destruction

With end user markets and customers in Mexico,
United States, Asia, India and Europe we are able to
service all of your recycling needs.
